Direct: 412-338-9308 x274 • Email: oberst@gyf.com

Dan has eight years of tax experience, in both public and private accounting. At GYF, Dan specializes in providing tax compliance and tax research services to business clients organized as corporations, S Corporations, and partnerships operating primarily in the manufacturing and service industries.

Dan often engages in special project work, providing fixed asset analysis and handling a variety of state tax issues. He serves clients that operate in many states throughout the country, providing assistance with state compliance needs and nexus determinations.

Additionally, Dan assists with quarterly and annual tax projections, estimated tax payment calculations, and tax distribution calculations.

A 2014 graduate of Robert Morris University, Dan earned his Bachelor of Science in Business Administration with a concentration in Accounting, as well as his Master of Business Administration. He is a certified public accountant in the state of Pennsylvania and is also a member of the American Institute of Certified Public Accountants.

Dan resides in Sewickley with his wife, Erin, and their son, Owen.
